Dear Parents

Where is the time going? We are almost at half term already! Your children have settled really well and this week the two reception classes joined us for worship so for the first time we had the whole school together. I have been in the dining hall everyday which is a good time to talk with the children and have found out about missing teeth, the tooth fairy visiting, new kittens, tricks to try on the trampoline, friends coming for tea - to name just a few! I love having these chats and your children are a genuine pleasure to be with. Here are some items for this week's newsletter, not a long one this week – please remember if you have any concerns, questions or initiatives, feel free to come and talk with me. Thank you.

Swimming money

Please can you help the office staff by sending in the swimming money on time – they are very busy and it would help enormously if they do not have to chase payments! Thank you.

Thank you for all the ways that you support your children's learning – the topic homework ideas coming into school have been exciting and very interesting to share. This is good learning.

With kind regards

David Frowde
